

CHAPTER 1

HISTORY, PHYSICAL EXAMINATION AND BASIC SUPPORTIVE CARE

Introduction	1-1
Creating the Sickbay Environment	1-1
Communication	1-2
Initial Assessment	1-2
Problem – Focused Health History	1-2
Physical Examination	1-5
Skin	1-8
Head and Neck	1-8
Ears, Nose and Throat	1-8
Eyes	1-10
Chest and Lungs	1-10
Heart	1-11
Abdomen	1-12
Musculoskeletal System	1-12
Neurological	1-13
Genitalia	1-13
Fluid Therapy	1-14
Dehydration	1-14
Treatment of Dehydration	1-15
Hypothermia & Hyperthermia	1-16
Hypothermia	1-17
Hyperthermia	1-19
Summary	1-22
Pain	1-23
Assessment of Pain	1-23
Interventions	1-24
Medication Administration	1-25
Equipment for Parenteral Injections	1-26
Preparation of Medications	1-26
Subcutaneous Injections	1-27
Intramuscular Injections	1-28
Intravenous Infusions or Injections	1-28
Recording	1-30
Checking the IV for Complications	1-31
Disposal of Needles and Equipment	1-32
Wound Care	1-32
Universal Precautions	1-32
Assessment	1-33
Control Bleeding	1-33
